

NMIT/CSE/Colloquium/2025-26/April

01-04-2026

CIRCULAR

The monthly colloquium of the Department of Computer Science and Engineering for the month April, 2025 is scheduled on **08-04-2026**. All the faculty members and students are cordially invited to attend the same. The details are as follows:

Topic: "Unlocking Data Science with No-Code AI & ML Tools"

Date: 08-04-2026

Time: 03:00 PM to 04:00 PM

Speaker: Dr. Vani V, Professor, Department of CSE

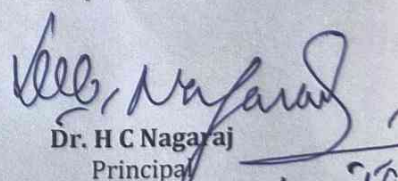

Venue: VGST Lab (Room No:136), NMIT, Bangalore.

Abstract:

The growing importance of data-driven insights has increased the demand for accessible Artificial Intelligence and Machine Learning tools. This colloquium introduces no-code platforms such as KNIME and RapidMiner, which enable users to build and deploy data science solutions without extensive programming knowledge. It explores how these tools simplify complex processes through intuitive visual workflows. Key stages including data preprocessing, model building, evaluation, and interpretation will be discussed. The session will also highlight practical use cases to demonstrate real-world applicability. A comparative overview of the platforms will provide insights into their features and strengths. Emphasis will be placed on how no-code tools can accelerate learning, experimentation, and innovation. By the end of the session, participants will gain a clear understanding of leveraging no-code AI/ML tools for efficient data science practices.

Dr. Medikonda Swapna
Dept. Coordinator

Dr. Vijaya Shetty S
Head, Dept. of CSE

Dr. H C Nagaraj
Principal
