

NMIT/EEE/Colloquium/2026-27/April

06-04-2026

CIRCULAR

The monthly colloquium of the Department of Electrical and Electronics Engineering for the month of April, 2026 is scheduled on **24-04-2026**. All the faculty members and students are cordially invited to attend the same. The details are as follows:

Topic: "Discovery to Draft: AI in Academic Workflows"

Date: 24-04-2026

Time: 03:00 PM to 04:00 PM

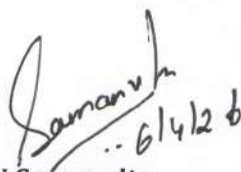

Speaker: Dr. Likhitha R, Assistant Professor, Department of EEE, NMIT, Bangalore

Venue: EV Lab (Room No:005, F block), NMIT, Bangalore

Abstract:

Academic workflows are undergoing a significant transformation with the rise of artificial intelligence. This presentation offers a concise overview of how AI-powered tools can support researchers from the initial stages of literature discovery through to the final drafting of scholarly work. We will explore platforms that streamline literature mapping, tools that automate synthesis and extraction of key insights, and applications that assist with organizing notes and co-writing. Additionally, we will consider the emerging role of locally deployed language models for researchers seeking privacy and customization. The session aims to provide a practical, high-level understanding of how these technologies can be integrated into academic workflows—enabling more efficient, focused, and productive research processes.

Dr. V Y Kondalah
Dept. Coordinator

Dr. N Samanvita
Head, Dept. of EEE

Dr. H C Nagaraj
Principal
06/04/26
